

**TYLER**

# WE'RE INVESTED IN YOUR SUCCESS

**At Tyler, we focus on student success and equip our graduates with workforce-ready skills. To do that, we partner with a variety of companies – from Fortune 500s to small business innovators – to give you the skills local employers need and the confidence for long-term success.**

Whether you want to get to work as soon as possible or have plans to study at Tyler and then transfer, you'll benefit from free student support like career services, tutoring, technology assistance and more – all at Tyler's high-value tuition rates.

Start at Tyler today and get on the inside track to your next career.

## AT A GLANCE

# 75+

in-demand career, transfer and technical majors

---

# 2,000+

flexible class options, including day and evening classes, on-campus classes in Chester and Midlothian, and online, Zoom and hybrid classes\*

---

\*Fall 2020

---

# 140+

local employers who regularly hire Tyler graduates

## OUR DIFFERENCE

# 35+

guaranteed admissions agreements with colleges and universities across Virginia, like VCU, ODU, Virginia Tech, VSU and UVA

---

# 409

full- and part-time faculty who've worked in the field and are dedicated to teaching and your success

---

# \$50K

A well-paying career path doesn't have to take four years of college. Explore careers from nursing (\$48,203) to mechanical engineering technology (\$50,892).\*

\*Annual median starting salaries, Richmond region

## OUR VALUE

# 15

Average class size

---

# \$280K+

in Tyler Foundation Scholarships awarded exclusively to Tyler students in 2020-21 academic year

---

# 5

Number of payments you can make using our tuition payment plan. Financial aid, tuition reimbursement and scholarships are also available.

## Training for Advancement

**Joe Dettmer**, who has a mechanical background, had the opportunity to move into a new role at work. The only catch? It required electrical skills he didn't have. To get up to speed, Joe took classes at Tyler. Now, Joe has the right skills and qualifications to move forward in today's fast-paced workplace, all while staying at the company he's been with for decades.

## Experience Life as a Nurse

**Anissa Ellis** had built a 15-year career in information technology when one hospital stay changed her entire outlook on life. When she decided she wanted a new, fulfilling career, she discovered that Tyler is known for its nursing program. And the student experience backed up that stellar reputation.

After completing clinical rotations at two local hospitals and earning her associate degree in nursing at Tyler, Anissa is now a branch director with a home health company.

"Every clinical was like a mini job interview," Anissa said. "By the time my clinical was over, they were asking me to consider working in that particular unit after graduation."

# WE'RE FOCUSED ON GETTING YOU CAREER-READY

**We team with employers of all types – manufacturing, technology, health care and more – to ensure you are ready for work after graduation. This includes:**

- Offering stackable credentials, so you can enter the workforce quickly and then keep advancing your career. In some fields, your employer may even pay for additional training.
- Partnering with local hospitals to provide clinical sites for Tyler nursing students to gain hands-on experience.
- Working with local manufacturers to provide certificate programs that address specific in-demand industry credentials.
- Collaborating with local industry partners to develop scholarships for students and outfit facilities with high-tech equipment that prepares students for the workforce.
- Providing short-term workforce credential programs through Community College Workforce Alliance that train participants in as little as six weeks for many in-demand jobs in Virginia.

# WE'RE HERE TO HELP

Tyler's friendly, supportive community is here for you every step of the way. Here's how:

## Academic Resource Center

The Academic Resource Center is staffed with professional and peer tutors who can help with writing assignments, homework, time management and study skills.

## Advising

Advising staff are ready to help you sort through your major options and plan a schedule that works for you.

## Career Services

Career Services offers personalized assistance with creating your résumé, conducting a job search, and preparing for interviews. They also hold regular job fairs and workshops, offer a professional clothing closet for students, and maintain a job board filled with exclusive job postings for Tyler graduates.

## Dean of Students

The Dean of Students Office coordinates Single Stop, an easy-to-use benefits screener, which can connect you with benefits like child care assistance and Medicaid.

## Financial Aid

The Financial Aid Office offers FAFSA Fridays, where you can get personalized assistance with completing the Free Application for Federal Student Aid (FAFSA).

## Library

The library offers what you'd expect: books, computer labs and printing. But they also have workshops, computer/technology loans and more.

## A Confident New Direction

**Elena Brancato** returned to college at 25 to create a solid future for herself and her son. At Tyler, she got the training and confidence she needed to succeed in the PR field and beyond. When she transferred to Virginia Commonwealth University, Elena was already ahead of the curve because she'd completed a real client project. Elena is now a proud Tyler and VCU grad.
